

# CLARUS™ Antimicrobial Shoe Spray

CLARUS ANTIMICROBIAL SHOE SPRAY is a safe, highly effective, pure and natural antimicrobial silver containing spray in a proprietary formulation that kills bacteria and fungus which results in neutralizing shoe odor.

## **Clarus Shoe Spray removes shoe odor quickly by eliminating its source.**

- Nanosilver with added Tolnaftate for a broader spectrum of activity than comparable products
- Eliminates odor-causing bacteria and fungi on contact

## **Unique formulation provides long-term and sustainable antimicrobial action:**

- Antimicrobial
- Antifungal
- Sporocidal Protection

## **Directions:**

Spray directly into each shoe. Inside surfaces including insoles should be coated. Allow to dry completely. Repeat until shoes are odor-free. Not for application on the human body. Keep out of reach of children.
