

## How MLS Laser Therapy Works

Light energy enters the damaged cells and stimulates inter-cellular activity. This quickly and powerfully reduces pain and inflammation. More importantly it **SPEEDS THE HEALING PROCESS.**

Package Price	# Sessions	Competitor Price	Our Price	Savings
<b>Post Op Nerve Surgery</b> (Hand-held for Pinpointing Exact Location)	6	\$360	<b>\$325</b>	10%
<b>Post Op Musculoskeletal Surgery (Robotic)</b>	6	\$360	<b>\$200</b>	44%

MLS Laser Therapy is **not covered** by insurance. It is an elective out-of-pocket cost. Some patients use their Flexible Spending Accounts to cover this therapy.

Start your MLS Laser Therapy Treatments right after your first post-op appointment with us.

Dr. Silvester recommends two treatments per week.
