Next Step Foot and Ankle Clinic

Surgeon Darren J. Silvester, DPM, has opened his flagship **Next Step Foot and Ankle Clinic at 13525 Centerbrook**. Dr. Silvester and his staff are proud to offer the most up-to-date, effective methods of treating foot and ankle pain. He specializes in Neuropathy, Diabetic Wound Care, and cutting edge treatments in Flat Feet and Heel Pain, and other types of foot and ankle problems. Next Step Foot & Ankle Clinic is a one-stop shop for all things foot and ankle. The clinic also features and sells diabetic shoes, Vionic (Orthaheel) shoes and sandals with arch supports and a wide variety of over the counter products for common foot issues such as fungus and shoe odor.

The clinic's Open House is scheduled for Saturday, April 23, 2016 during National Foot Health Awareness Month. You

are invited to drop by between 10 AM and 2 PM to tour the new facility and learn about various treatment options and procedures available to you. In addition to valuable foot health information, Next Step also plans on having a Fitbit Fitness Tracker give away and you will have an opportunity to preview its Spring Vionic shoe line and quality foot care products that are being sold in the office this year. All of these products have been carefully selected by podiatrist Dr. Darren Silvester. This will be a great opportunity to meet Dr. Darren Silvester and his staff who will be happy to answer any questions about the podiatry practice. During the Open House, all teachers and active or retired military personnel will receive a 10% discount on all Vionic shoes. (Photo ID required)

Visit Next Step Foot and Ankle Clinic online at www.NextStepFoot.com. They always accept new patients. To schedule an appointment with Dr. Silvester, call (210) 375-3318.
